

Scope

Kidney International is devoted to kidney research. It aims to inform the researcher, the clinical investigator, and the practicing nephrologist on all aspects of kidney research. These include the latest clinical studies on emerging developments in nephrology and the highest level of original research studies in clinical and basic kidney research. The journal reflects the field through critical reviews, commentaries, original articles, remarkable images, news features, guidelines, and problem-focused articles for the diagnosis and treatment of kidney patients.

This journal is covered by BIOSIS, Chemical Abstracts, EMBASE/Excerpta Medica, Index Medicus/Medline, Science Citation Index, Current Contents/Life Sciences, Current Contents/Clinical Medicine, SciSearch, Reference Update, CABS, Biological Abstracts, Global Health, EBSCO, Adonis, and PASCAL.

This journal and the individual contributions contained in it are protected under copyright by the International Society of Nephrology, and the following terms and conditions apply to their use in addition to the terms of any Creative Commons or other use license that has been applied by the publisher to an individual article:

Photocopying

Single photocopies of single articles may be made for personal use as allowed by national copyright laws. Permission is not required for photocopying of articles published under the CC BY license nor for photocopying for noncommercial purposes in accordance with any other user license applied by the publisher. Permission of the publisher and payment of a fee is required for all other photocopying, including multiple or systematic copying, copying for advertising or promotional purposes, resale, and all forms of document delivery. Special rates are available for educational institutions that wish to make photocopies for nonprofit educational classroom use.

Derivative Works

Users may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions or companies. Other than for articles published under the CC BY license, permission of the publisher is required for resale or distribution outside the subscribing institution or company. For any subscribed articles or articles published under a CC BY-NC-ND license, permission of the publisher is required for all other derivative works, including compilations and translations.

Storage or Usage

Except as outlined above or as set out in the relevant user license, no part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form or by any means, electronic, mechanical, photocopying, recording, or otherwise, without prior written permission of the publisher.

Permissions

For information on how to seek permission visit www.elsevier.com/permissions or call: (+1) 800-523-4069 x 3808.

AUTHOR RIGHTS

Author(s) may have additional rights in their articles as set out in their agreement with the publisher (more information at <http://www.elsevier.com/authorsrights>).

REPRINTS: For queries about author offprints, e-mail authorsupport@elsevier.com.

To order 100 or more reprints for educational, commercial, or promotional use, contact Derrick Imasa at 212-633-3874, Elsevier Inc., 230 Park Avenue, Suite 800, New York, NY 10169-0901, USA. Fax: 212-462-1935; e-mail: reprints@elsevier.com.

NOTICE

Practitioners and researchers must always rely on their own experience and knowledge in evaluating and using any information, methods, compounds or experiments described herein. Because of rapid advances in the medical sciences, in particular, independent verification of diagnoses and drug dosages should be made. To the fullest extent of the law, no responsibility is assumed by the publisher and the International Society of Nephrology for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein.

Although all advertising material is expected to conform to ethical (medical) standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

Printed on acid-free paper, effective with Volume 69, Issue 1, 2006. Printed and bound in the USA by Sheridan Warehouse, Hanover, PA, USA.
